Arlene- Thx.
I'll take point on ICIS entries for Order. A skill I've acquired, but amateur status. I'll tap into Amy as needed and will at least have her check my work.

I can start once Order has been executed.
Kathy, pls, what I'll need from field are quantities and concentrations of media we cleanup, to the extent we can gather or estimate. Raw input fine-I can work math. NOT a front burner.

Yes, ICIS, my 2nd favorite EPA video game, right after GovTrip!

Gang-

You may already be thinking about this, or it might not be applicable, but
perhaps we will get some pounds of contaminated media addressed for OECA
reporting purposes? Please give it a look.

Thanks!
